

Your CDRouter Maintenance and Support Agreement

Stay ahead of the curve

We've built CDRouter to stick with you **throughout the product development lifecycle**. Your MSA provides:

- ✓ **Access to CDRouter patches and updates:** CDRouter is updated constantly, with 3-4 releases per year and regular patches, always improving its functions as a holistic test automation platform.
- ✓ **Access to new test cases and add-ons:** The QA Cafe team stays on top of the latest developments in network technology, security exploits, deployment scenarios, and provider requirements.

Get award winning support

Our support team has **decades of networking experience** to feed directly into the quality of your products. Your continued MSA gives you:

- ✓ Unlimited email access to our customer support team
- ✓ Access to our protocol and technology experts that help you improve your products
- ✓ First look at our ongoing webinars and training materials

"Comparing QA Cafe CDRouter support to other support departments... I can honestly say that QA Cafe performs the best."
- Technicolor

Protect your investment

Your CDRouter system represents a significant investment in your testing process. In addition to updates to CDRouter's software, your MSA:

- ✓ Protects your NTA1000 hardware in the event of system failure
- ✓ Saves you money on NTA1000 replacement and upgrades with our hardware replacement program
- ✓ Give you access to the latest Wifi hardware and other test interfaces added to CDRouter

The Industry Standard in Broadband Testing
